

1. Review of expenditure

| Previous Academic Year | | 2019/20 | | |
|--|--|--|--|---|
| i. Quality of teaching for all | | | | |
| Desired outcome | Chosen action / approach | Estimated impact: Did you meet the success criteria? Can also include impact on pupils not eligible for PP. | Lessons learned (and whether you will continue with this approach) | Cost |
| Number of Pupil Premium children working at expected level in mathematics across the school will increase. | TA support to provide modelling for reasoning during lessons and provide rapid intervention during the afternoons. | Maths progress improved from Autumn 2019 to March 2020. | Continue to use TAs to support groups of chn to keep up, not catch up. | £26,555 |
| ii. Targeted support | | | | |
| Desired outcome | Chosen action / approach | Estimated impact: Did you meet the success criteria? Can also include impact on pupils not eligible for PP. | Lessons learned (and whether you will continue with this approach) | Cost |
| Number of PP children will have an improved ability to reason. | Use of concrete resources/ visual representations to support PP children with their explanations. | Concrete resources proved effective for PP LAPs. | Continue to purchase physical resources/programs to support learning in addition to funding additional adults. | £300 |
| iii. Other approaches | | | | |
| Desired outcome | Chosen action / approach | Estimated impact: Did you meet the success criteria? Can also include impact on pupils not eligible for PP. | Lessons learned (and whether you will continue with this approach) | Cost |
| Self-confidence and resilience of PP children will improve. | Pay for residential for all PP children. | All PP chn attended their residential: Year 4 CLAC, Year 5 Robinwood and Year 6 York. | Continue to support PP families so that chn partake in experiences they would not normally have access to. | Post-residential (£3,765) |
| Attendance of PP will improve. | Support families with designated PSA. | Attendance for PP target group had improved pre-COVID. | Focus on target PP chn with significantly low attendance to increase the average attendance for the group. | Termly once attendance data is available (£5,660) |
